

12 ChatGPT Prompts for Music teachers

ICT EVANGELIST ➤

Workload Reduction

1. Generate a detailed lesson plan for a single [Duration]-minute lesson on the topic of [Specific Topic, e.g., rhythm, melody, harmony] for [Year Group]. This lesson should employ a [your choice of approach such as Direct Instruction] approach. Include learning objectives, success criteria, a step-by-step breakdown of activities, and assessment methods.
2. Create a mark scheme for assessing [Year Group] performances of [Specific Piece or Technique, e.g., scales, a particular song]. Include categories for accuracy, expression, technique, and overall presentation.
3. Automate responses for common student queries about [Topic in Music], such as 'What is a time signature?' or 'How do I read sheet music?' Include examples and explanations suitable for [Year Group] for use as a wall display or for a 'stuck corner'.

Lesson Planning

4. Outline a lesson plan focusing on the use of dynamics in [Specific Piece or Genre, e.g., classical music, jazz]. Include objectives, success criteria, activities, and assessment methods for a [Duration]-minute lesson for [Year Group].
5. Provide a step-by-step guide for teaching musical notation using [Specific Piece or Example, e.g., 'Twinkle Twinkle Little Star']. Include objectives, activities, and a [Duration]-minute timeline for [Year Group].
6. Create a list of engaging activities to teach the concept of musical form (e.g., sonata form, verse-chorus structure) to [Year Group] in a [Duration]-minute lesson. Include success criteria and assessment methods.

Quiz Creation

7. Generate a multiple-choice quiz on the instruments of the orchestra for [Year Group]. Include questions that test students' ability to identify instruments by sight and sound.
8. Create a fill-in-the-blank quiz on key terms related to music theory, such as scales, intervals, and chords, suitable for [Year Group].
9. Design a crossword puzzle using key terms related to [Specific Topic in Music, e.g., Baroque composers, jazz terminology] suitable for [Year Group].

Resource Creation

10. Develop a set of flashcards for key musical terms and definitions, including examples and images where applicable, suitable for [Year Group].
11. Create a handout summarizing the historical context and key characteristics of [Specific Music Genre or Period, e.g., Baroque, Jazz] for [Year Group]. Include notable composers, influential pieces, and stylistic features.
12. Design a worksheet that guides students through the process of composing a simple melody using a specified structure or set of guidelines. The worksheet should include sections for brainstorming, drafting, and revising, suitable for [Year Group].
